Question from John Q. Voting Public

What is your agenda?

Wrong answer: Uh...less government...I guess.

Right Answer: **The GOP has the BEST agenda!**

B - Bolstering national security

E - Education excellence

S - Strengthening Social Security and Medicare

T - Tax relief for working families

Republicans have the BEST agenda.

Divorce Relief?

On the Marriage Tax Relief...

- "Bill Clinton said he would veto it. It was not clear from the early reporting yesterday whether he was opposed to it because it gave tax breaks to more people than he wants it to; or, because there is a chance that in the near future Bill and Hillary might not qualify to take advantage of it."

"Well, Mr. Smith, after my legal fees and federal taxes, your children will be receiving 42 cents from your million dollar estate."

Everyone in a while...

Everyone in a while, here in this city of greed and power, we are reminded that our partisan arguments go further than the floor...

What we pass affects every citizen of this great nation.

Perhaps this poem, attributed to the parent of a slain child at Columbine, will help each of us remember exactly what our children need.

Your laws ignore our deepest needs

Your words are empty air

You've stripped away our heritage

You've outlawed simple prayer.

Now gunshots fill our classrooms

And precious children die

You seek for answers everywhere

And ask the question "Why"

You regulate restrictive laws

Through legislative creed

And yet you fail to understand,

That God is what we need!"

Banned in Boston

- Feminist Mary Daly's 20-year practice of banning men in her classrooms was exposed to a national audience when two male students sued after being told that they could not enroll in her courses because of their sex. Daly claims that the attempt to open up her class to all students is really an attempt by the "right wing" and the "patriarchy" to attack "the rights of women and minorities so that white male power reigns." Despite the discrimination, Daly is still on BC's payroll.

World Trade Disorder?

"Beijing is now able to make serious threats with weapons they've obtained during seven years of unfettered access to U.S. weapons technology. They're a more serious threat to Taiwan today than ever,"
